

Canvas LTI Student Manual

Accessing AME Content

In order to access AME materials, you will need a valid PIN from either a new textbook/workbook package, or purchased at our online store amelearning.com/store. Since you will be connecting to AME resources from your Canvas course, you will not need an enrollment key.

Once you have a valid PIN, follow the Accessing a Resource section below. The very first time you get to the Open a New Window section to open an AME resource, you will be prompted to enter your PIN, as shown below. After entering the valid PIN, you will have access to the AME resources and will not be prompted for a PIN again in this course.

Click on Load Tutorial: Introduction (or Load other resource name) in a new window. Make sure pop-ups are allowed from ameengage.com.

The screenshot shows the Canvas LMS interface. On the left is a dark sidebar with icons for Home, Announcements, Assignments, Discussions, Grades, and People. The main content area has a breadcrumb trail: [TestCourse](#) > [Assignments](#) > Tutorial: Introduction. Below the breadcrumb is a navigation menu with links for Home, Announcements, Assignments, Discussions, Grades, and People. The main heading is 'Tutorial: Introduction'. Below the heading is a message: 'This tool needs to be loaded in a new browser window'. A button labeled 'Load Tutorial: Introduction in a new window' is highlighted with a blue arrow.

The tutorial (or other resource) launches in a new window:
